

French aerosol production remains stable

Sun care, dry shampoo, pharma and veterinary see increased fillings

The number of aerosol cans filled in France in 2016 totaled 748 million, according to the Comité Français des Aérosols (CFA). This is a decrease of one million units (0.13%) from 2015, which saw fillings of 749 million.

Personal Care was the leading product category, with 399.7 million units filled. Hair Spray and Hair Mousse topped the category with 136.3 million. Deodorants & Antiperspirants

were next in line with 122.4 million. Sun Protection/Water Sprays/Dry Shampoo/Other saw the greatest increase (33.5%), with totals of 109.5 units.

There were 167.9 million Pharmaceutical & Veterinary products filled in 2016, increasing 11.2% from 2015. Cars & Bikes/Paints & Varnishes/Industrial & Technical collectively totaled 76.7 million in 2016 for an increase of 4.9%. **SPRAY**
