

Aerosol Production in Argentina sees tumultuous year

Aerosol production in Argentina dropped 15.4% in 2016. According to Camara Argentina del Aerosol (CADEA), production was down 174 million units, from 1.28 billion in 2015 to 954 million in 2016.

Personal Care (486 million) accounted for more than half of total aerosol fillings. The vast majority of Personal Care products filled were AP/Deos at 460.1 million units, followed by Pharmaceuticals (11 million) and Shaving Foam (10.5 million).

Insecticides were the second largest category (226 million), followed by Household Care products at 191.3 million filled. The strongest sub-category in Household Care was Air Fresheners, at 151 million.

Other products numbered 46 million, with Food aerosols coming in at 4.7 million. SPRAY

Autan insect repellent is a popular brand in Argentina.
