

Aerosol Production in Argentina falls slightly in 2017

Personal Care jumps

Aerosol production in Argentina dropped 2.3% in 2017. According to Camara Argentina del Aerosol (CADEA), production was down 22.4 million units, from 954 million in 2016 to 931.6 million in 2017.

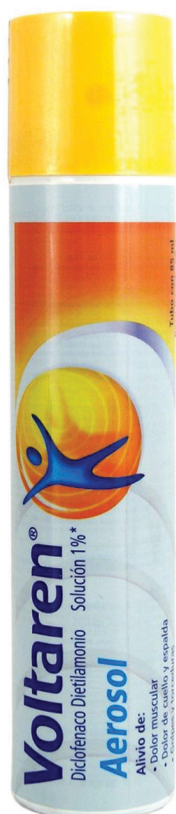

Personal Care (497 million) accounted for more than half of total aerosol fillings. The vast majority of Personal Care products filled were AP/Deos at 476 million units, followed by Pharmaceuticals (13.6 million) and Shaving Foam (3.4 million).

Insecticides were the second largest category (202 million), followed by Household Care products at 184.9 million filled. The strongest sub-category in Household

Care was Air Fresheners, at 148 million.

Other products numbered 42.4 million, with Food aerosols coming in at 4.9 million. **SPRAY**

Voltaren is a non-steroidal, anti-inflammatory pain relief spray sold in Argentina.
