

Spanish fillings continue to increase

2017 statistics show more than 2% growth in aerosol production

Asociación Española de Aerosoles (AEDA) recently released Spain's aerosol production statistics for 2017. AEDA estimated a total production for 2017 of 324.6 million units, up 2.1% from almost 318 million in 2016.

According to the European Aerosol Association (FEA), Spain filled 143.72 million aerosol products in the Personal Care category. The Household category saw fillings of 99.72 million in Spain in 2017.

Editor's Note: Several countries have reported difficulty in obtaining detailed aerosol filling statistics for 2017. **SPRAY**
