

Spanish production continues tick upwards

2018 statistics show 1.2% growth in aerosol production.

A sociación Española de Aerosoles (AEDA) recently released Spain's aerosol production statistics for 2018. AEDA estimated a total production for 2018 of 328.5 million units, up 1.2% from 324.6 million in 2017. Statistical breakdowns for various product categories were not available. The research was conducted by LANT Abogados on behalf of AEDA. **SPRAY**

Rexona recently launched the Stay Fresh line for women in Spain, which uses Motion Sense technology.

Bag on Valve Filling for Consumer Healthcare, We're the Best in the Business!

Whether it's Rx, OTC, or Medical Device filling, it's hard to match our speed, capabilities, and know how. So, bring us your BoV filling or formulation challenge.

We'd love to help.
