German aerosol production in 2020...

ccording to German aerosol association Die Industrie-Gemeinschaft Aerosole e.V. (IGA), there were 1.040 billion aerosol cans filled in Germany in 2020, compared to 1.107 billion in 2019, for a decrease of 6.1%. Categories were broken down into aluminum and steel containers; IGA indicated that aerosol products filled in glass and plastic containers represent such small numbers that they can't be reported in detail.

Production of aerosols in the largest market segment, Personal Care, totaled 636 million units in 2020, with the largest subcategory, Deodorants/Antiperspirants, accounting for more than half (382 million). The second largest subcategory, Hairsprays, numbered 151 million.

Paints & Varnishes (including Automotive) was the second largest category, with 107 million units, edging out Industrial & Technical in third place at 91 million units. Miscellaneous (which now includes Food Products) ranked fourth with 80 million. SPRAY

These days every contract manufacturer claims to innovate.

We're different... We walk the walk!

Every year we commit 30% of our research and development efforts to purely speculative development. Why? So that we stay on the cutting edge of consumer healthcare technologies, and are able to ensure that you, our brand partner, is in a perfect position to offer your customers differentiated products that they will love.

Put our deep experience and consumer knowledge to work for you. Let's **INNOVATE** something incredible together!

Contact us today: (727) 373-3970
