

A good year for Brazil

Aerosol fillings jump more than 10% in 2022

The Associação Brasileira de Aerossóis e Saneantes Domissanitários (Brazilian Aerosol Association or ABAS) recently released its 2022 aerosol statistics for Brazil. The report revealed that total aerosol consumption was 1.3238 billion. This represents a 10.3% increase from 1.2 billion in 2021. Overall, 1.2248 billion aerosols in Brazil were filled domestically, while 99 million units were imported into the country.

Personal Care dominated the product categories with 64% of the overall share of aerosol production. Industrial garnered 28% of aerosol production and Household Care accounted for 6%, with 2% classified as Other. **SPRAY**
